Review

Open the secure link and review your documents online

Sign

Follow the prompts to complete any required signatures

Complete

Once signing is finished, you'll be able to access your completed documents

Common questions

Do I need to create an account?

No. You can review and sign documents without creating an account.

Do I need to download anything?

No. FuseSign works in your web browser. There's nothing to download or install.

Can I use my phone?

Yes. You can review and sign from your phone, tablet or computer.

Will I need to verify my identity?

You may be asked to complete an additional security check, such as two-factor authentication

How do I know the request is legitimate?

Your signing request will relate to documents we've prepared for you.

If your ever unsure about a FuseSign email or SMS, contact us before opening the link.
